

December 2, 2005

**CORBIN INDEPENDENT SCHOOL DISTRICT
LOCAL/STATE BOARD FACILITIES HEARING REPORT**

A Local/State public hearing was held at the Corbin Board of Education on December 1, 2005, at 6:00 p.m. (local time). The purpose of the public hearing was to propose a new District Facility Plan developed by the Corbin Independent Local Planning Committee. The Local Planning Committee (LPC) voted 9-0 in favor of the proposed new plan and the Board voted 5-0 to approve the new plan.

There were (2) two individuals in attendance. Darrell Tremaine, Assistant Superintendent, served as the locally appointed hearing officer. Ed McNeel and Julie Clark were also present.

COMMENTS

Mr. McNeel called the public hearing to order. The hearing officer outlined the purpose of the hearing and the hearing procedures in accordance with 702 KAR 1:001. It was explained that those persons wishing to speak would be given the opportunity and that written statements would be accepted. It was also noted that all considerations will be made available to the Kentucky Board of Education via the hearing officer's report. The hearing officer read the proposed new District Facility Plan that includes the following capital construction and major renovation: **(2) Elementary Schools, (1) Middle School, (4)-classroom additions at the Vocational School, and major renovations at Corbin High School and Corbin Middle School.**

The floor was opened to those who wished to make a statement. Mrs. Julie Clark stated she was aware of the great need our district has and the age of our existing buildings. She was in agreement with the plan and suggested we proceed with the plan.

RECOMMENDATIONS

It is recommended that the new District Facility Plan developed by the Corbin Independent Local Planning Committee and adopted by the Corbin Independent Board of Education be approved as the District Facility Plan for the Corbin Independent School District. A copy of the new plan is attached.

Respectfully submitted,

Darrell Tremaine
Assistant Superintendent
